Better Condition of Skin and Hair Layer Less Tiredness and Better Stress Control Greater Structure of Muscular Masses Higher Greater Structure of Muscle Masses Conception Rate and Better Condition of Pregnancy and Lactation Greater Level of Health
Supplementary Energy	Greater Power, Vigor and Greater Speed Greater Productive Life Control of Stress and Less Episodes of Disease
Amino Acids Balance	Greater Development and Optimal Metabolic Function High Power and Beauty Rates Less Muscular Exhaustion
Protected Live Yeast	Increases the Amount of Fiber-Digesting Bacterias Decreases Lactic Acid Level and Stabilizes PH Rates Better Condition of Hair Coat and Hoofs Better Digestive System Health and Much More Nutrient Absorption

**Nutritional Content:**

Dicalcium Phosphate, Calcium Carbonate, Iodized Sodium Chloride, Magnesium Oxide, Copper Sulfate, Potassium Sulfate, Sodium Selenite, Manganese Sulfate, Zinc Oxide, Cobalt Sulfate, EDDI, Ferrous Sulfate, Organic Minerals Pack, Vitamin A Retinol, Vitamin D3 Cholecalciferol, Vitamin E a-Tocopherol, Vitamin C Ascorbic Acid, Vitamin K Phytomenadione, Package of other B Complexes, Protected Live Yeast, Sources of Differentiated Energy, Sources of Amino Acids and Artificial Flavors.

**Bromatology:**

CONCEPT	LEVEL
CALCIUM	16%
PHOSPHORUS	8%
MAGNESIUM	1.5%
SODIUM	3%
VITAMIN A	350,000 UI/Kg
VITAMIN D	40,000 UI/Kg
VITAMIN E	1,200 Mg/Kg
L-LYSINE	2.50%
DL-METHIONINE	1.30%

**Recommended Dose:**

ACTIVITY	DOSE/DAY
Intense Work or Training	200 g.
Moderate Work	150 g.
Light Work	100 g.
Pregnant Mares (Start)	150 g.
Pregnant Mares (Last 3 Months)	200 g.
Lactating Mares	200 g.
Foals	100 g.
Recreation Horses	200 g.
Ponies	150 g.
Stallion and Adults	200 g

\*The bucket contains a measuring spoon of 50 grams.
